CORPORATE TRAINING

ON-SITE TRAINING FOR YOUR GROUP

"Without a doubt, the program is a high-impact success story that is unique in Silicon Valley! At last we have a business-focused program that has a foundation of solid business practices and experience while it is tailored to the whirlwind, ever-changing environment of Sun. Our internal clients are very happy and so am I."

David Wick
Program Manager
SunU Workgroup Solutions,
Sun Microsystems

Our solutions provide:

- Wide selection of courses and certificate programs
- Customized programs for long-term or just-in-time requirements
- State-of-the art, multiplatform computer lab facilities
- A powerful retention tool
- On-site training or six convenient classroom locations throughout the Silicon Valley and the Central Coast
- Training retreats
